Criminal Justice ADVANCE SRE Pathways

Superscript Notes:

* ASRE-approved courses only. Students who have earned credits for a course that is not ASRE approved may petition to substitute that course with a 300 or 400 level course identified as providing research skill. The SCRCs Advance office will review the petition for approval. Approved substitutions are only for the purpose of completing an Advance Pathway and are not approved as substitution for the degree.

** 401: special topics courses must be approved by a CJUS advisor prior to scheduling to ensure it meets research standards.

¹Approved workshops or trainings can include, but are not limited to: SCRCs, library, or university workshops. SCRCs Advance Workshops can be found on the UL Lafayette SCRCs website. 1 in person SCRCs workshop is equivalent to 2 virtual SCRCs workshops, thus, 2 virtual workshops would be needed to count for 1 workshop/training experience. Other workshops/trainings focused on research skills are possible by approval from the Criminal Justice Department. Other trainings that could count include CITI training or others as specified by the Criminal Justice Department.

²Mentored research: students should not attempt these research endeavors alone and should work under the supervision of a CJUS faculty member. Mentored research includes, but is not limited to, volunteer, scholarship, or paid from grants under the direct supervision of a CJUS faculty member.

³Leadership Experience includes but is not limited to departmental service events, officership in departmental club, or student tutor/mentorship.

⁴Internship may be internal or external to UL Lafayette. CJUS 495 would count.

⁵Approved study abroad courses: CJUS 399: Crimes in Korean Films, HUMN 300: Exploring language and culture

⁶Either the Advance Undergraduate Research Showcase or the UL Undergraduate Research Conference. Other types of university level conferences may be approved on a case-by-case basis.

⁷Student must co-author with a faculty member.
