

Creative Activity Guidelines

Presenters should prepare for **10 minutes in length**. Each presenter will have 15 minutes of time provided to them.

Presenters will have **2.5 minutes to stage** and another **2.5 minutes to exit**.

Within your Creative Activity presentation, **be sure to include an explanation of your project/performance and the creative process of your work.**

A projector and screen will be available for videos, pictures, and/or to play audio. Be sure to bring a **USB flash drive** with your project saved on it. We will have a laptop connected to the projector. **Do not rely on the cloud or internet to present your project.**

You can bring musical instruments to perform, however, there will **not** be any sound equipment (e.g. amplifiers, microphones) available.

Physical art: You can bring physical art to present and explain. However, we suggest bringing digital pictures and/or videos of your physical art to avoid possible damage. The projector and screen can be utilized for your display.
