## Nursing ADVANCE SRE Pathways

\* ASRE-approved courses only. Students who have earned credits for a course that is not ASRE approved may petition to substitute that course with a course 300 or 400 level course identified as providing research skill. The SCRCs Advance office will review the petition for approval. Approved substitutions are only for the purpose of completing an Advance Pathway and are not approved as substitution for the degree.

<sup>1</sup>Approved workshops can include, but are not limited to SCRCs, library, or university workshops. SCRCs Advance Workshops can be found on the UL Lafayette SCRCs website. 1 in person SCRCs workshop is equivalent to 2 virtual SCRCs workshops. Other workshops focused on research skills are possible by approval from the Nursing department.

<sup>2</sup>Mentored research includes but is not limited to, volunteer, scholarship, paid from grants, MUREs (mentored undergraduate research experience), or SUREs (summer undergraduate research experience). Some examples could include application of UG Research Grant or participation in a research study.

<sup>3</sup>Courses should be Nursing study abroad. Nursing department will approve applicable courses.

<sup>4</sup>Leadership experience includes UL SNA officer (minimum of 2 semesters), SGA officer, or NURS 208 mentor (minimum of 2 semesters)
