

Oral Presentation Guidelines

- ✓ Presenters should prepare talks that are **10 minutes in length**. Each presenter will have 15 minutes of time provided to them.
- ✓ A projector and screen will be available for your presentation, if needed. Be sure to bring a **USB flash drive with your project saved on it**. We will have a laptop connected to the projector. **Do not rely on the cloud or internet to present your project.**
- ✓ **Presenters, please be prepared for questions. You will have 5 minutes to answer questions posed by the audience members.**

How to give a dynamic scientific presentation:
