

Sheila Holmes is the Resource Coordinator for the Energy Institute of Louisiana at the University of Louisiana at Lafayette, a position she has held since 2017. She is also serving as the UL Lafayette College of Engineering Research Coordinator since 2014. Sheila received her BS in Industrial Technology summa cum laude in 2017 and her MS in Systems Technology in 2020 both from the University of Louisiana at Lafayette. Her technical and business background allows her to have extensive knowledge of preparation and management of multi-million dollar grants that include undergraduate research as a component. Her knowledge of the faculty for the college of engineering allows her to place scholarship students with faculty to maximize the growth of the student.
